

Richard Trieu

Thornhill, ON | (647) 779-4328 | rzhtrieu@uwaterloo.ca | richardtrieu.me

EDUCATION

UNIVERSITY OF WATERLOO

Bachelor of Mathematics

Waterloo, ON

Expected August 2028

Major in Computational Mathematics; Minors in Computing

Relevant Coursework: Functional Programming, Elementary Algorithm Design, Data Abstraction, Data Types and Structures, Software Development, Discrete Mathematics, Probability, Linear Algebra 1 & 2, Calculus 1, 2 & 3

STANFORD ONLINE

Machine Learning Specialization

Remote

Aug 2024 - Present

Relevant Coursework: Supervised Machine Learning, Linear Regression, Logistic Regression for Classification, Gradient Descent, TensorFlow, Artificial Neural Network, Xgboost, Tree Ensembles, Anomaly Detection, Unsupervised Learning, Reinforcement Learning, Collaborative Filtering, Recommender Systems

PROJECTS

RIOT API DISCORD IMPLEMENTATION

Jul 2024

- Used Riot API and Discord API to create a service which allows users to interact with the Riot API through Discord
- Implemented cookie-based authentication by retrieving access and entitlement tokens from the Riot API to securely link user accounts with Discord
- Parsed through JSON responses to extract and format relevant data for display in Discord

PERSONAL WEBSITE

Jun 2024

- Created a minimalistic personal website displaying experience, about, contact, and resume

PONG GAME RECREATION

Jan 2023

- Created a Pong Game alongside members with documentation of our progress to simulate the Agile Development Process.
- Implemented a computer that can play against the player in a single player mode.

COMPUTER SCIENCE CLUB WEB APPLICATION

Oct 2022

- Used HTML, CSS, and JavaScript to create a web application from scratch that provides members with information and updates regarding club events and activities
- Closely worked with other members to learn web development and create a functional and informative website

LEADERSHIP AND EXPERIENCE

CANADA'S WONDERLAND

Ride Operator

Vaughan, ON

Jul 2024 – Aug 2024

- Managed the safe loading and unloading of passengers in compliance with park safety standards.
- Delivered clear and concise instructions over public address systems to ensure guest understanding of ride requirements.

HNSS COMPUTER SCIENCE CLUB

Vice President

Vaughan, ON

Sep 2022 – June 2023

- Responsible for preparing and presenting lessons, planning events, and creating problem sets that inspire critical thinking and problem-solving skills.
- Created a collaborative and educational environment where members are encouraged to think, socialize and be creative.
- Led engaging discussions to understand and educate members on evolving technologies.

TECHNICAL SKILLS

Technical Skills: Java, JavaScript, C, Python, HTML/CSS, Linux, Git, MS Office, VS Code, Eclipse

Libraries: TensorFlow, Scikit-learn, Pandas, Matplotlib, NumPy

Soft Skills: Collaboration, Leadership, Creative, Critical Thinking, Communication

Languages: Fluent in English; Conversational Proficiency in Cantonese
